STRATEGIC PLANNING 2021-2024

The Branch's Board of Directors held a strategic planning day on June 21, 2021, via video conference. The 2019-2024 National Strategic Plan was used as a roadmap for the Branch's Directors to determine the issues and priorities to which resources will be allocated over the next three years. The day was a great success, with the team working together in a friendly atmosphere and towards the same goal: advocacy and member recruitment and retention. There is much work to be done, but your Board of Directors, supported by its volunteers and staff, are confident that the projects planned will serve you well.
